

We are delighted to be able to confirm that the Samui Sandbox is now official. This means travelers to Koh Samui are no longer required to quarantine on arrival and can check into Miskawaan, a SHA plus certified property, from day 1 of their stay effective from October 1st 2021.

There are still some pre entry requirements to follow, the details of which can be found on the official www.visitsamui.org site but once you have arrived and show a negative PCR test on day 1, the holidays can commence!

For mor details and offers please visit us at www.miskawaan.com
